

This website allows fans to vote for their favourite U2 songs.

It includes all songs from U2's two best of albums.

It also includes additional songs that enough fans have requested to include.

If you feel another U2 song should be added go to the ad new songs section.

If the song is already listed, vote for it. Once the number of votes in favour of a song is 10 greater than the number of votes against the song, it will automatically be added.

If the song is not listed, ad the song on this page to allow other fans to vote for or against its inclusion.
